

Solutions for Corporate Clients – Accounting in the Slovak Republic

Solutions Slovakia

In whatever country or region you wish to do business, Vistra offers high-quality tailored services built on extensive local knowledge – freeing you to focus on your business objectives.

Our team serves a broad base of Clients which includes multinational corporations, property investments funds, private equity funds and high net worth individuals.

Vistra Slovakia

Vistra Slovakia (previously Trinity Corporate Services) was established in 2013 in Bratislava.

In November 2014 the company was acquired by the Vistra Group and its core corporate services business was merged with Vistra expanding its footprint into the CEE region.

The company pioneered shelf company services in CEE and has helped over 2,000 businesses enter the CEE region, many of whom retain its services for company administration, management reporting, accounting, payroll and local compliance.

Accounting

• Service

We adapt our financial service offering to fit your specific requirements – and in developing a tailored solution we take time to truly understand your situation and needs.

We are fast to react and strong in forward planning.

• Local Compliance

Vistra Slovakia provides a thorough and diligent service to support compliance with local statutory accounting regulations and tax legislation, a key feature of which are the strict deadlines for taxes both in terms of filling reports and making payments. Our core services to meet statutory requirements include:

- Maintenance of accounting records in accordance with the applicable accounting and tax laws;
- Preparation and submission of monthly and annual tax returns;
- Communication with the tax office and assistance with tax audits;
- Statistical office reporting;
- National Bank reporting.

Each Client is assigned a dedicated accountant working in a group structure under close supervision of our experienced management team.

• International and Group Reporting

Vistra Slovakia can prepare management reports to meet international standards under IFRS and US GAAP. For each Client we also cater for a company's specific requirements to agreed monthly and quarterly deadlines. Reconciliations between statutory and management reports are available as and when necessary.

As directed, our accountancy services team can provide reporting and data for management reporting purposes including cash flow reports, budgets, fixed asset reviews, cost center analysis, service charge reconciliations and other ad-hoc projects.
